MEMORANDUM FOR: Deputy Director for Science & Technology
FROM: Director of Central Intelligence
SUBJECT: Moscow Briefing for Secretary of State

I talked to the Secretary of State about seeing your Moscow briefing. He was interested and indicated he would like to have it after the first of the year. He then went on to say we all know pretty much what they do. What he'd really like to hear is what we should be doing about it.

If you would give that a little thought it would be useful.
